PET  
PANEL**

# PET PANELS

The new VENNI PET PANELS has impressive surface stability and a depth effect as if it was behind glass. Uniquely attractive furniture with visual and tactile appeal can be designed with VENNI PET Panels.

surface stability

scratch-resistant

ultra-smooth

easy-to-clean

anti-fingerprint

malleable

# HIGH GLOSS PET PANEL

The new **VENNI Pet Panels** has a high-gloss finish with outstanding surface stability and a depth effect that makes the surface look as if it were behind glass. In super-matt, the look and feel of the material is appealing to the hand and the eye.

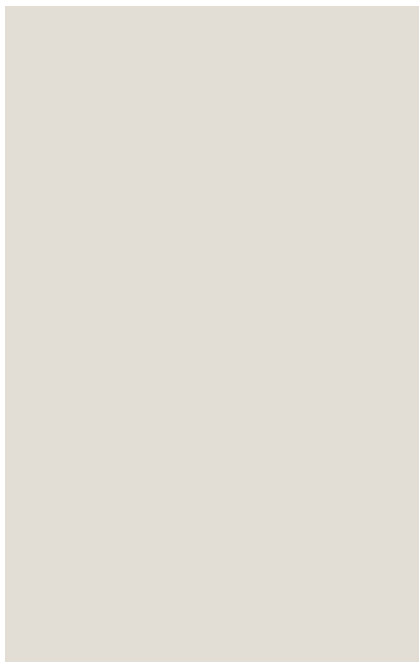

The high-tech coated panel is easy to apply to surfaces and easy to form, providing an exceptionally robust finish. This perfect partner for the kitchen, furniture and caravan industry is also easy to clean and highly resistant to scratches, knocks and bumps.

# HIGH GLOSS PET PANEL

VENNi Pet Panel is designed to look like new even after years of use.

# PREMIER MATT PET PANEL

**Robust smooth  
elegance – VENNI  
Premier Matt  
thanks to PST  
technology.**

Aesthetically matt appearance time-  
less and yet more up-to-date than  
ever: trend-consciously, surfaces in  
the furniture and caravan industry  
are presented in "Premier Matt".

Thanks to the PST technology, the  
finish is excellently suited for all  
heavily used surfaces.

Kitchen fronts and interior furniture  
in particular benefit from the elegant  
appearance and at the same time  
benefit-oriented functionality in  
everyday life.
